Student Association

Statement of Concern

During the 1973-1974 Academic Year, many changes were proposed by many different policy making committees and groups. Many of the proposals were taken under advisement and others sent back to their sponsors for revision. All students should watch for these changes as they are approved.

Other changes were approved and are now policy. We urge all students to read **The Saltire** in order that they may be aware of these changes.

THE HANDBOOK COMMITTEE

Student Association

Organization of the Student Association

* A constitution for St. Andrews is in the process of being revised.

The Student Association consists of every student at St. Andrews. The government of the Student Association is divided into three branches. The Student Cabinet, as the executive branch, is composed of the executive officers of the student body, together with the presidents of all the major organizations of the Association and the Attorney General, representing the judicial branch. The Cabinet is the executive level co-ordinating agency for campus student activities. All college-related organizations are immediately responsible to the Student Cabinet.

The judicial branch, composed of five courts, is staffed by elected representatives of the student body. The courts try all social offenses and any honor code violations.

The Inter-Dormitory Senate, as the legislative branch, is composed of elected representatives from all the dormitories and from the day students. The Senate considers and initiates all legislation pertaining to student welfare and general student interest. Every major organization of the student body has faculty and staff advisors to assist with programs of the student groups.

U.S.N.S.A.

St. Andrews is a member of the United States National Student Association, a confederation of more than three hundred college and university student governments across the nation. USNSA is a non-profit, non-partisan, non-sectarian, educational association which serves as a medium for the exchange of ideas, problems and solutions of the member schools.

JUDICIARY PROCEDURE

Reporting a Case:

Cases of serious misconduct as provided for in the Student Association Constitution are reported either directly to the Attorney General or indirectly to him by informing Office of Student Personnel Services or member of the Judicial Committee. In disciplinary cases, judicial authorities of the College consider not only the specific charge but also the student's total academic and citizenship record. Technically proved evidence is not to be considered essential at this educational institution. First offenses, unless of extreme severity, are not usually to be considered grounds for expulsion. The following procedures for hearings by a court at St. Andrews are believed to be reasonable for this educational setting.

Notification of Those Concerned:

The Judicial authority will give notice of the scheduled hearing no less than 24 hours in advance to the student concerned and to members of the court, its advisors and others who may be involved, giving instructions of appearing before the court, including time and place scheduled. The student's Faculty Advisor will also be notified. The student may request a student, faculty member or other college officials to appear with him as counsel. The student accused may call witnesses in his behalf before the court, both material and character. Prior to the trial, the Attorney General shall inform the student accused of all of his rights.

Witnesses:

The testimony of witnesses in court will be recorded. All testimony given the court while in session by any person appearing before the court is to be given and received in full recognition of serious action that will follow perjury. Further, official transcripts of the hearings of the court, including the names of the accused and the witnesses, will be restricted to members of the judicial body and to college officials for whom such information is needed in follow-up action and counseling. Any public report of action taken in cases of misconduct will show reference to the case only as case number and summary of action taken by the court. Character witnesses however, will not be recorded and will speak to the court with the accused being absent.

Appeals:

A defendant tried in the Dorm Council has the right of appeal to the Residence Court.

A defendant tried in the Traffic Court has the right to appeal to the Student Judiciary Board.

A defendant tried in the Student Judiciary Board has the right to appeal to the Student-Faculty Appellate Board (or the Faculty Executive Committee).

A defendant accused by the Office of Student Personnel Services has the right to appeal to the special appeals committee (see page 43).

In order to appeal, the defendant must indicate his desire to the chairman of the board by 4:00 p.m. the day following the case.

If he does not indicate to appeal by 4:00 p.m., the sentence goes into immediate effect.

If the chairman is notified that the defendant wishes to appeal, the defendant has until 11:00 a.m. of the following day to present a statement of grounds of appeal and a complete list of counsel and witnesses he wishes to call. If this is not done, the original sentence goes into effect.

The Deans may make allowance for the terms of restriction or departure for resident students who are to depart from the campus, when appropriate. Any return to campus thereafter must be approved beforehand by the Dean of Students or his representative. Non-residents who are suspended or expelled are expected to observe these conditions as they apply to resident students.

NOTE: Departure from normal procedure must be requested by the accused or the appropriate judicial authority in writing and must be approved by the Dean of Students or his representative.

Alternate Judicial Procedure:

During final exam periods normal judicial procedures may be suspended because of the impossibility of getting together members of the proper judicial body. In such times the Dean of Students and the Dean of the College may in consultation with the Attorney General review the cases and decide on appropriate action. This court is also employed when the defendant feels that he will not receive just action in any other court.

The Judiciary Committee:

The Judiciary Committee does "the organization" for the courts. It is chaired by the Attorney General and all cases and accusations are originally made to this person. Membership to the committee consists of investigators who are assigned to individual cases by the Attorney General in order to gather the statements and materials necessary for the actual case.

Chairman _____ Mackay Asbury

Advisor _____ Dean Malcolm Doubles

Additional members to be chosen in the fall.

The Student Judiciary Board:

The Student Judiciary Board, composed of seven students elected by the student body, tries all Honor Code offenses: lying, cheating, stealing and hears appeals from the Traffic Court. The cases are referred to the Board by the Attorney General. The Board can render sentences from expulsion, by unanimous vote, to a mere warning. Due to the fact that cheating falls under the Honor Code, the Board handles most cases from the academic side of the campus. There is an advisor from the faculty or administration, but this person does not serve in a voting capacity.

It consists of two elected members from the incoming senior class and one elected member from the incoming junior class; one faculty-administration member is elected in keeping with the procedure provided in the Faculty By-Laws; one representative of the Dean of Students. The Board interprets the Constitution of the Student Association and hears appeals from the Student Judiciary Board, but has no original jurisdiction. Upon hearing appeals the Board may uphold or reduce the original sentence.

To be elected.

Traffic Court:

The Traffic Court consists of two seniors, two juniors and one sophomore, to be appointed by the Senate upon recommendation from the Attorney General. It deals with violations of the motor vehicle regulations. The contest may be further carried to the Student Judiciary Board.

MOTOR VEHICLE REGULATIONS

All vehicles must be registered for each academic year and decals placed on the left side of the rear bumper within two weeks after the official class registration date of said semester. The cost for registration

is \$1.00. Any student or employee with a motor vehicle with no registration decal after the registration date will be fined \$5.00. Students planning to bring vehicles on campus after the registration period must obtain a Vehicle Registration form from Office of Student Personnel Services.

The following traffic and parking rules are to be observed by operators of motor vehicles.

All traffic rules and regulations of the State of North Carolina apply to vehicular traffic on St. Andrews property.

Overnight Parking is restricted to regular parking lots. Persons parking elsewhere between 1:00 a.m. and 7:00 a.m. will be served with violation tickets. Overnight parking is prohibited in the circle. The circle in front of the College Union is for access by emergency vehicles and short-term parking. Parking is not permitted by the yellow curbs.

Motor Scooters and Motorcycles, when properly registered with Office of Student Personnel Services, may be operated on campus under the same rules and regulations as automobiles, provided that each vehicle has factory mufflers with all baffles in place and secure. Any vehicle which makes excessive noise shall be repaired or removed from campus. State regulations governing motor bikes on state roads will be enforced on campus. In addition, helmets must be worn at all times, on or off roads.

No student vehicle shall be driven or parked on sidewalk—except at the beginning and end of vacations when vehicles are permitted for the purpose of loading and unloading luggage—without permission from the Physical Plant Office or the Student Personnel Services Office. Violation of this regulation will incur a \$5.00 fine. However, parking facilities are available for motorcycles under Winston-Salem Dorm. Motorcyclists are permitted to drive on the sidewalk from Winston-Salem to the Winston-Salem parking lot.

All **Tickets** must be paid before the end of the semester or the student will not be allowed to register for the following semester and all transcripts will be held. If the recipient of a ticket wishes to contest the ticket, he must, in writing, notify the chairman of the Traffic Court of his desire within 72 hours of receiving the ticket.

Any person who receives five parking tickets in one semester will receive a notice to appear before the Traffic Court for judicial action. (Winter term is included with Fall term as one semester.)

Failure to appear before the Traffic Court after being summoned by the chairman of the Traffic Court will result in the violator being subject to action by the court.

All Tickets are to be paid at the College Business Office.

Visitors who receive parking tickets should appeal to the Security Officer at the Physical Plant.

First Violation — \$1.00 Fine:

1. Parking by yellow curb leaving vehicle unattended
2. Parking in a prohibited zone
3. Obstructing traffic
4. Parking overnight in a restricted zone

First Violation — \$5.00 Fine:

1. No college registration
2. Vehicle on grass or sidewalk without permission
3. Reckless driving

Above Violations: (speeding, reckless driving, etc.) All moving violations subject to North Carolina state law are adopted as college regulations.

Traffic Court decisions may be appealed to the Student Judicial Board if notice of the appeal is made within 72 hours of the council's decision. Ignorance of these traffic laws is no excuse.

NOTE REGARDING BICYCLES: Each bicycle must be registered each academic year with Office of Student Personnel Services and display the registration decal (no charge). This is made mandatory for the sole reason of protecting the owner from theft. For this same reason locks are highly recommended. Bicycle operators are to recognize that pedestrian traffic has the right of way both when the vehicle is parked as well as when it is being operated. Bicycles are not to be operated on the sidewalk ramps around the upper level of the Student Union. Bicycles are also not to be operated on the wheelchair ramp at the end of the causewalk on the academic side of the campus. Bicycle operators may ride up the ramp to the Vardell Building. Bicycles are not permitted in any campus building.

Chapel

In celebration of our faith as Christians in a college community, St. Andrews students, faculty, and staff gather for a service of worship at appropriate times. The service is usually conducted by the College Pastor with faculty, students and visitors speaking also. The Chapel Committee of the College Christian Council plans the various programs. Often, other media are used with the aim of finding forms which enable us to celebrate our faith in the twentieth century. These forms include music, drama, films, and dance.

Every effort is made to create the possibility for modern, intelligent, and informed people to express their faith in a service which is designed to reflect our interests as a college community. Current issues of belief and practice, personal and social, in the College and in the wider community, are exposed and explored in the conviction that anything less pointed and central would be unworthy of what God is doing in the world.

Career and Personal Counseling Center

Operating under a special agreement with St. Andrews, the Career and Personal Counseling Center offers a structured program of counseling, testing, and occupational-educational research for any St. Andrews student desiring service. This service is available on a walk-in or referral basis.

These aides are full-time students who work under the direct supervision of a staff person. Adult attendants are provided as needed under supervision, but are paid by the parents of handicapped students. Not all such students require adult attendants in addition to the student roommate-aide and questions about these matters should be taken to the Rehabilitation Office.

Special services for handicapped students are provided through the Rehabilitation Office, including transportation off-campus for special events, modification of physical facilities, wheelchair and equipment repair, vocational and personal counseling, and job placement upon graduation.

ACADEMIC HONORS

Dean's List

The Dean's List recognizes achievement and is published soon after the end of each term, except the winter term. To be included on the Dean's List, juniors and seniors must have a quality point average of 3.50 for the term, freshmen and sophomores, a quality point average of 3.25 and all must have a clear citizenship record.

Sophomore Honors Awards

This award was established for the purpose of recognizing members of the Sophomore Class who have shown outstanding scholastic achievement. Those sophomores who have a cumulative average of 3.25 or better are eligible for recognition. From this group the College selects those with highest academic records as Sophomore Scholars, a distinction that also carries a \$500.00 scholarship award.

The St. Andrews Honor Society

1. Students with an overall academic average of 3.25 for five regular terms and three winter terms at St. Andrews are eligible for full membership.

2. This society works toward the establishment of a Phi Beta Kappa Society on campus.

3. The Advisor of this society shall be a Phi Beta Kappa member.

4. Members shall be honored by serving in the following capacities:

a. Marshals for graduation at the end of the junior year.

b. Marshals for dignitaries.

d. Having supper or touring the campus with important visitors on campus.

5. New members will be named at the annual Spring Banquet.

President _____ Katrina R. Nesbit

Who's Who:

Who's Who Among Students in American Universities and Colleges annually includes approximately a dozen seniors from St. Andrews. The Student Life Committee sets the qualifications for nominees and appoints a Who's Who Selection Committee, composed of faculty members and students, to compose a ballot of those seniors who meet the qualifications. This list of nominees is voted upon in the fall by all upperclassmen. The final selections are subject to approval by the Student Life Committee, the Dean of Students, and the Dean of the College. Students are notified of their selection by National Headquarters and the announcement is made to the student body.

College Regulations

ACADEMIC POLICIES

The following regulations relate primarily to academic expectations under the general coordination of the Dean of the College and his staff and are subject to review as necessary by the Faculty Executive Committee Faculty Advisors, the Dean of Students, and other officers of the college who may advise students relative to those regulations; however, when interpretations are needed (such questions are to be referred to the Dean of the College as the Chairman of the Faculty Executive Committee.

Registration

Toward the close of the Fall and Spring terms, each student must plan his course program for the succeeding term (and summer school and winter term when appropriate) in conference with the Faculty Advisor and complete advanced registration for the term in question. New students confer with their Faculty Advisors during the orientation period. Final registration is completed at designated times at the beginning of each term. All courses and changes in a course program must be approved by the Faculty Advisor.

A student wishing to change his academic advisor may request such, with the concurrence of the faculty members involved, through the Registrar's Office.

Course Load

The course load for the 4-1-4 calendar is four courses in the Fall and Spring terms and one course during the Winter term. Students with a 3.0 average for the last regular term or a 3.0 average overall may take one additional full-credit course during the regular Fall and Spring terms. No student may take more than one course during Winter Term. A student whose schedule falls below three full-credit courses must have permission of the Dean of the College to remain in school. If for some approved reason a student is registered for less than the regular load, he may be classified either as a part time degree student or as a special non-degree student.

Winter Term

Arrangements may be made to take Winter term courses at several other colleges on the 4-1-4 calendar, as well as off-campus courses offered by those colleges. Students interested in exchange programs should work through the Winter Term coordinator to insure the proper handling of exchange applications.

Declaration For An Academic Major

Not later than the Spring of his sophomore year the student must declare the department in which he wishes to major. The requirements in each major field are given at the beginning of the description of courses in that department and are found in the 1974-1975 St. Andrews Catalog.

Transfer students admitted to junior or senior standing must declare

a major during their first regular Term of enrollment.

Attendance Regulations

1. General College Policy

Regular class attendance is an important student obligation and a student is responsible for all the work, including tests and written work, done in all class meetings. No right or privilege exists which authorizes a student to be absent from any given number of class meetings.

2. Absence Policy

Students are expected to be present at all their regularly scheduled class appointments. Experience has shown that successful students do not absent themselves from class without good reason. One of the major causes for poor academic achievement is excessive absence from class.

Attendance regulations are designed to provide that a large measure of individual responsibility be given to students whose academic records justify the delegation of such responsibility. The instructor in each course will announce and maintain an absence policy in keeping with the nature of the course and the classification of the student. Each student should familiarize himself with this policy at the beginning of each course.

When absences from class endanger a student's academic standing or indicate a serious lack of commitment to the work of the course, the student will be involuntarily withdrawn from the course after a formal warning from the Dean of the College.

3. Exceptions To The Above Policy

Absences Before and After Holidays

To preserve the integrity of the calendar and the academic program, students will be expected to attend all classes the two class days before and the two class days after each holiday. A record of attendance in all such classes will be reported to the registrar by all instructors.

Students with less than a 3.00 St. Andrews cumulative grade point ratio (g.p.r.) who are absent from these classes may be placed on probation for the remainder of the semester.

System of Grading

1. Each student receives a grade in his course at the close of the term. The mid-term grades when given do not appear on a student's transcript; they are designed to give the student an indication of his progress. The grading system is as follows:

Grade	Interpretation	Grade Points
A	Excellent	4 per course
B	Good	3 per course
C	Average	2 per course
D	Passing	1 per course
E	Conditional Failure	0 per course
F	Failure	0 per course

I	Incomplete	0 per course
WP	Withdrew while passing	0 per course
WI	Withdrawn Involuntarily	0 per course
WF	Withdrew while failing	0 per course
W	Withdrew medically	0 per course

2. Grade points, the numerical equivalent of the letter grade, are used to determine the student's rank in his class, academic honors, and academic warning. To meet the minimum requirements for graduation all students must have (1) a grade point average of 2.0 on all work attempted at St. Andrews; (2) credit for 36 full-credit courses, including one Winter term course for each year of enrollment, and a 37th course consisting of passing work on four terms of Physical Education activity courses, and satisfactory completion of the basic swimming requirement; (3) a grade point average of 2.0 in the major field taken at St. Andrews.

3. Grade points on acceptable work transferred to St. Andrews will not be included in a student's grade point ratio of work done at St. Andrews. All transfer student credits to be accepted by St. Andrews must have a written approval of the Dean of the College.

4. A student's cumulative grade point ratio at St. Andrews (SACU) will be the basis on which honors and qualifications for student offices will be computed.

5. A student must have completed 18 courses at St. Andrews to be eligible for the honor society. The student's citizenship record also must be one of good standing.

Course Additions, Withdrawals, and Conditional Grades

1. Freshmen are permitted to drop courses with the approval of their Faculty Advisor in a designated period following registration day without having this recorded on their permanent records; upperclassmen are allowed a period of one week for dropping particular courses under the same conditions. After this time, a "WP" grade is given when the student withdraws with the approval of his Faculty Advisor while doing passing work. Otherwise, a grade of "WF" is recorded. No student may withdraw from a course during the four weeks preceding the final recitation of the semester without the approval of the Faculty Executive Committee.

2. Students are permitted to add courses with the approval of their Faculty Advisor for a period of a week following registration day. Students who drop or add courses after academic registration must do so in keeping with the proper form available in the registrar's office. Complete instructions are provided on the form and it is essential that the student process this form in every detail in order for his records to be accurate. Merely discontinuing attendance is not sufficient; it is necessary that the proper procedure be followed immediately, and the first step must be discussion of the matter with the Faculty Advisor. Registration or adding a course after the announced drop-add period will require a payment of five (\$5.00) dollars.

3. Any student may be dropped for cause from any course at any time upon recommendation of the professor and the approval of the Dean of the College. Sufficient cause for dropping a student would include excessive absences (see "Attendance Regulation"), lack of preparation, general neglect, unwholesome attitude, or improper conduct in class.

4. The College Physicians at any time may recommend to the Faculty Executive Committee that a student be allowed to drop a course for medical reasons. The Dean of the College or the Dean of Students may make a similar recommendation when circumstances surrounding a student's work are of an unusual nature. In such cases a grade of "W" will be recorded.

5. A grade of conditional failure (E) may be removed by reexamination. This must be accomplished within the fourth week of the following semester. Any exceptions must be authorized in advance by the Dean of the College. If not removed within the authorized time, the "E" becomes a failure, (F).

6. A Failure (F) cannot be removed from a student's record. A repeated course is entered on the record with appropriate grade and both attempts are treated as a courses-attempted when computing the St. Andrews cumulative average. If a course is not required for graduation or for a major it may be repeated only with the approval of the Faculty Advisor and the Dean of the College.

Examinations, Tests, and Reviews

1. A student who has final examinations in three successive periods may ask the Dean of the College or the registrar for an adjustment in the time of such examination.

2. Unsatisfactory grades at mid-term will be reported to the student involved. Where the record as a whole is unsatisfactory, a letter concerning the matter will be sent to the student and parents from the Dean.

Summer School

The college normally conducts a summer session. Though offerings are less varied than during the Fall and Spring terms, the Summer curriculum includes a wide range of courses for undergraduates, teachers, and high school graduates who wish to qualify for advanced standing. Regular members of the St. Andrews Presbyterian College teaching staff and visiting professors make up the faculty of the summer school.

College Catalog Requirements Applicable to Entering Students

In order that each class of students may understand the particular catalog which is in effect, the following rulings are announced:

1. All students who entered St. Andrews College for the Fall semester, 1971, through Summer, 1972, are under the requirements of the 1971-1972 catalog.

2. All students who entered St. Andrews College for the Fall semester, 1972, through Summer, 1973, are under the requirements of the 1972-1973 catalog.

3. All students who entered St. Andrews College from the Fall semester, 1973, through Summer, 1974, are under the requirements of the 1973-1974 catalog.

4. All students who enter St. Andrews College from the Fall semester, 1974, through Summer, 1975, are under the requirements of the 1974-1975 catalog. FEC will review any requests for exceptions. However, no student may combine the requirements for two different catalogues.

Academic Warnings and Probation

Academic performance which is not fully satisfactory will result in warnings at appropriate times. While probation notices are the most serious, other warnings, such as oral admonitions from instructors or the Deans, or written notices from the registrar, should be given immediate attention. Several specific conditions, however, are to be observed whether or not a warning is given. These follow:

1. Any regular student whose cumulative grade point ratio is less than 1.75 on all work attempted will be placed on probation, if permitted to continue at St. Andrews.

2. Any regular student who fails two or more courses during the previous regular term may be placed on probation, at the discretion of the Faculty Executive Committee's sub-committee on Student Problems.

3. Any regular student whose grade point ratio for the previous regular term is less than 1.5 will be placed on probation.

4. A student placed on Academic Probation who fails to show marked improvement in his academic work during the following term may be asked to withdraw from St. Andrews. Any student still on Academic Probation after two successive regular terms on Academic Probation, and any student who fails all his academic courses in any regular term, is ineligible to return to St. Andrews.

5. Special students enrolling for less than the regular load will have their records and individual status reviewed by the Faculty Executive Committee.

6. At the end of each term the Dean of the College will mail notices of academic probation to the students concerned, with copies being mailed to the parents, guardian, or spouse. Copies will also be sent to the student's Faculty Advisor and the Office of Student Personnel Services.

7. Adequate grades on three or more summer school courses will remove a student from academic probation. Such study when approved by the Faculty Executive Committee will be counted in computing the required hours for readmission. Grade point deficiencies can be made up only at St. Andrews.

8. The Faculty Executive Committee through its sub-committee on Student Problems may review a student's record at any time and invoke warning, probation, or suspension, or remove a student from such status, if in the Committee's judgment, such action is warranted. Particular attention will be given to student records at each grading period.

Probationary Regulations

Probation is a means of communicating to and warning students, their parents or guardians, and others concerned that such students are not demonstrating satisfactory academic achievement and/or citizenship.

1. Probationary status may be invoked for any of the following causes:

- a. Unsatisfactory academic performance
- b. Unsatisfactory citizenship
- c. Excessive absence from class or laboratory

2. When a student is placed on probation for one of these reasons, he should recognize that his continuation at the college is in serious jeopardy. If additional probationary action is invoked for a different cause, the student may expect dismissal from the college. Students under probation during consecutive semesters most probably can expect suspension if probation otherwise would seem appropriate for the ensuing semester.

3. A student on academic probation may not receive assistance from the college, except that financial aid will not be cancelled for the remainder of a semester unless so recommended by the Faculty Executive Committee.

4. The procedures for appealing judgments of probation (or suspension) are as follows:

a. Judgments rendered by a Residence Court, Dormitory Council, or Traffic Court as the body of original jurisdiction may be appealed to the Student Judiciary Board. If probation (or suspension) is involved, appeals may be heard by the Student-Faculty Appellate Board.

b. Judgments rendered by the Student Judiciary Board as the body of original jurisdiction may be appealed to the Student-Faculty Appellate Board.

c. Unless otherwise authorized by the chairman of the judicial body rendering the judgment of probation (or suspension), or by one of the Deans, appeals are to be made no later than 4:00 p.m. the next working day following the action.

d. In actions involving probation (or suspension), students may request a review of the case by the Vice-President for Academic Affairs.

5. Students under probationary status are expected to exhibit evidence of improvement both in academic achievement and in citizenship. Lack of such evidence, in the judgment of the Student Association judiciary, the Deans, or the Faculty Executive Committee, may result in suspension or dismissal without further hearing when such action appears to be warranted.

Continuation At St. Andrews

To maintain satisfactory progress toward a degree, a student must pass nine courses each year and maintain a cumulative 2.00 average. He

will be permitted to return, however.

(1) For his second year, upon completion of 8 courses passed with a 1.50 SACU.

(2) For his third year, upon completion of 17 courses passed with a 1.75 SACU.

(3) For his fourth year, upon completion of 28 courses passed with a 1.90 SACU, and acceptance as a major in an academic program.

Additional Considerations for Readmission

1. In meeting the above requirements for continuation at St. Andrews, no grade of incomplete (I) or of conditional failure (E) may be counted in the total number of courses passed.

2. Credit for three or more summer school courses, when approved by the Faculty Executive Committee and in keeping with degree requirements, will be counted in computing the required total for readmission eligibility.

3. Both resident and non-resident students must complete the appropriate Residency Agreement to establish eligibility for readmission.

4. In keeping with the twofold purpose of the College, that of higher education and Christian citizenship, applicants for admission or readmission whose records of achievement and citizenship reveal questionable patterns of behavior, will be denied the privilege of enrollment or may be given an appropriate conditional status.

Withdrawal From St. Andrews

Resident or non-resident students who desire or find it necessary to withdraw from St. Andrews at any time following notice of admission or readmission are expected to observe the regular withdrawal procedure:

1. Obtain the withdrawal form from the Dean of Students office, and obtain his signature.

2. Discuss the matter with the Faculty Advisor and obtain his signature on the form.

3. Secure from each professor an actual letter grade in your courses up to the time of withdrawal.

4. Confer with the Dean of the College who will assign a grade of "WP," "WF," or "W" for each course based on the actual grades recorded by the faculty.

5. Clear your account with the Library and the Business Office, and check out of the Residence Hall in the proper manner. If a student withdraws for any reason within the first three weeks following registration day (or within the first week of a summer term), one-half of the tuition and fees charged at the time of registration will be refundable. If a resident, a charge will be made for dormitory room rent. After the third week, or after the first week during the summer term, no refunds are allowed except for sickness. Written evidence of such conditions must be filed with the Dean of the College. Further, no refunds will be made

without an honorable dismissal from the Dean or without application for a refund at the time of withdrawal.

6. Return the form to the Registrar's Office. The date the form arrives in this office will be the official date of withdrawal in determining refunds, etc.

7. In emergencies, the Dean of the College, or the Dean of Students may adjust the procedures attending withdrawal.

NON-ACADEMIC POLICIES

When any student does not show convincing evidence of being in sympathy with the purposes, policies, and procedures of the institution, the College must reserve the right to ask the student to withdraw.

GENERAL INFORMATION

General College policy concerning civil violations, firearms, drugs, and alcoholic beverages come under the Code of Responsibility.

Alcoholic Beverages

Permission to possess or consume alcoholic beverages other than within the residence hall suite is granted only by the Office of Student Personnel Services. Suite parties are permitted in the dormitory on Friday and Saturday nights. Suite parties for other nights must be scheduled through the Dormitory Residence Director.

In accordance with the Code of Responsibility, printed below are laws pertinent to the use of alcoholic beverages in Scotland County:

G.S. 18-51(6) makes it unlawful for any person, association or corporation to permit any alcoholic beverages to be possessed or consumed upon any premises not authorized pursuant to Chapter 18 of the General Statutes, and for any person to possess or consume alcoholic beverages upon the premises where not authorized by law or where the persons have been forbidden to possess or consume alcoholic beverages by the owner or person in charge of said premises.

G.S. 18-90.1 makes it unlawful for any minor under the age of 18 years to purchase or possess the products described in G.S. 18-64, to-wit: beer and wine, etc., and also for any person under 21 years of age to purchase or possess alcoholic beverages, to-wit: liquor.

Under G.S. 18-51 a person who is at least 21 years of age may possess and consume alcoholic beverages as authorized in this section.

Prohibition of Weapons

The North Carolina General Assembly passed House Bill No. 499 on April 27, 1971 which "strictly prohibits the possession of any gun, rifle, pistol, bowie knife, dagger, switch-blade knife, explosive of any kind, etc., etc., etc." from any college campus, public or private. Thus, any item considered a weapon, functional or nonfunctional is prohibited from the St. Andrews campus.

North Carolina Controlled Substance Act (1971)

The 1971 General Assembly recently enacted the North Carolina Controlled

Substances Act (Ch. 919, 1971 Sessions Laws—effective Jan. 1, 1972) which makes significant changes in North Carolina's drug laws. The act is patterned after the federal Comprehensive Drug Abuse Prevention and Control Act (1970) and includes provisions for increased criminal penalties as well as for treatment, education, and research.

The criminal provisions are arranged in six basic schedules in order of severity. The "controlled substances" are grouped within the various control schedules according to the following criteria: (1) potential for abuse, (2) medical value, (3) potential for physical or psychological addiction, and (4) relative danger to society. For example, heroin, LSD, mescaline and peyote are listed in Schedule I; opium and cocaine in Schedule II; amphetamines and barbituates in Schedule III; phenobarbital in Schedule IV; codeine in Schedule V; and marihuana and THC in Schedule VI, the least severe penalties. Felony level penalties up to life imprisonment are prescribed for most violations with monetary fines from \$5,000 to \$15,000. Criminal penalties are largely dependent upon the schedule and the classification of the offense into simple "possession" or more severe "distributing" (selling) categories. However, there is a statutory presumption of possession with intent to distribute if one possesses more than a specified minimum amount of a "controlled substance". For example, possession of more than 5 grams of marihuana or more than one-hundredth gram of THC carries a presumption of intent to distribute and thus a more severe penalty. Simple possession of Schedule III & IV substances are misdemeanors for the first offense although later offenses are considered felonies. The first two offenses of possession of Schedule V & VI substances are misdemeanors. Distribution of any controlled substance by a person between 18 and 21 years old to one under 18 who is also at least three years younger than the distributor is to be punished by twice the normal punishment provision. Similarly, distribution by a person 21 years or older to a person less than 21 years is to be punished by not less than 10 years to life and/or up to \$15,000 fine. One significant provision allows for the conditional discharge and expunction of the criminal records for first offenders of possession of Schedule III to VI substances after fulfilling probation requirements (which may include rehabilitation treatment), thus erasing the stigma of a criminal record.

Courts are given some discretion in sending offenders to treatment rather than penal facilities. Physicians and other practitioners are not to disclose the names of drug abusers who come to them for treatment; nor is such information admissible in evidence in courts of law.

The Department of Public Instruction and the Board of Higher Education are directed to carry out educational programs designed to prevent and deter misuse and abuse of controlled substances.

The Student Life Committee has adopted the following policies with regard to Controlled Substances:

- A. As members of the Honor Community, all students indicted on a felonious charge will withdraw themselves from campus residency until the charge has been resolved by the civil authorities. At that time, if innocent, the student returns to the campus with reimbursement of rent for the period of time he or she did not occupy his or her designated dormitory space.
- B. In the event that Student Personnel Services is led to investigate a complaint concerning the possession of controlled substances and as a result charges any student with a violation of College regulations in regard to the possession of controlled substances that student will withdraw himself from campus residency. He may ap-

peal this action to a special appeals committee consisting of two students, one faculty member and one representative of Student Personnel Services (which committee serves at the pleasure of the President of the College). He must notify Student Personnel Services within 48 hours of the placing of the charge of his intent to appeal. The appeal will be heard within five days of such notification. On the basis of the outcome of this appeal, the provisions of Section A above will apply.

- C. In cases of financial hardship, a committee of the Honor Community consisting of a representative of the Office of Financial Aid, a representative of Student Personnel Services, and the appropriate Dormitory President will recommend appropriate action to the President of the College.

Convicted Felons

The Student Life Committee adopted the following policy concerning the treatment of any student convicted of a felony:

Any student convicted of, or pleading "guilty" or "nolo contendre" to a felony committed while in residence at St. Andrews (this is to be interpreted as applying to any student living on or off campus) will be suspended immediately, and he will not be permitted to apply for readmission to St. Andrews for one full academic term (excluding Winter and Summer terms). During that term, he must not enter college property without prior permission from the office of Student Personnel Services, and he must avail himself of counselling services and a report from his counselor must be submitted to the College.

Personal Possessions

A student is responsible for all items in his possession. Students are urged to lock their doors at all times.

Selling and Soliciting

Only the Business Manager and the Dean of Students may grant permission to sell or solicit items or services on campus. Any commitment by a student to a solicitor, whether authorized or not, is a personal commitment for which the College can assume no responsibility. Agents without a written permit from the Office of Student Personnel Services should be reported immediately.

Marriage

Notification of plans for matrimony by an enrolled student should be received by Student Personnel Services as soon as possible.

Pets

Due to state and local health regulations, dogs, cats, and all pets, except fish, must be excluded from all academic buildings, service build-

ings, dormitories, and all other campus facilities open to students, faculty, staff, and the public.

Tree Damage

Any person found responsible for damaging the trees and shrubbery on campus will be held responsible for their replacement.

Fishing

All state regulations regarding public fishing apply to the St. Andrews lake. Any resident of Scotland County may fish with a pole and natural bait. However, use of artificial bait requires a valid North Carolina fishing license. Students at St. Andrews are considered residents of Scotland County.

Damage to College Property

Individuals are responsible for college property designated for their use.

GUIDES FOR RESIDENT STUDENTS

Dormitory Authority

While the following regulations are intended primarily for resident students, all students while on campus or at college events are expected to observe these guides. All students, including off-campus men and women not residing with parents, guardian, or spouse are classified as resident students.

Residence Director

In the event of a disruption in the Dormitory, the Dormitory Director may move against a student only in the event that he cannot contact, by telephone in the presence of a witness, the following students who have jurisdiction over the situation: suite leader, vice-president of the Dormitory, president of the Dormitory, vice-president of Student Association, president of Student Association, or that these people are unable to resolve the situation.

The Dormitory Director may act in the following way: a request that the disruption cease, a warning follows if it does not cease, if the disruption continues the student is subject to immediate eviction. If the student persist in disruption beyond this point he may be suspended from the College for the remainder of this term.

The student has the right to appeal actions of the Dormitory Director to Student Personnel Services and in the event that no redress may be found an appeal may be made to the Special Appeals Committee.

Room Change:

Students may change rooms and roommates for good reasons, after filing a request and receiving approval for room change from the Director of College Housing. Copies of this request form are available in the Stu-

dent Personnel Services Office. Students who change rooms without the approval of the Director of College Housing will be subject to a \$25.00 fine. This fine applies to all persons occupying rooms other than those to which they have been specifically assigned by the Housing Office.

Room Inspection:

Inspection of rooms may be conducted only by a member of the administration, together with a student leader, and then only at the direction of the Student Personnel Services Office. Normal maintenance procedures may require college employees to enter rooms at other times during the college year, including vacations. Room inspection policy is covered in the Code of Responsibility. Normally, each dorm is inspected once a month for purposes of health, safety, and maintenance evaluation.

Specific Regulations Regarding Use of Residence Halls:

1. Nails, tacks, and screws will not be driven into the walls, ceilings, doors, woodwork, or furniture.
2. Cigarette butts will not be extinguished or left on the furniture or floors.
3. Objects will not be suspended from the room ceilings, nor will the ceiling tile be removed.
4. Beds and desks will not be dismantled.
5. Wall coverings must adhere to state fire code and guidelines of the insurance underwriters.
6. All electrical appliances must bear the U.L.S. Seal of Approval. All refrigerators must be approved by the Director of the Physical Plant.
7. Food will not be kept in the residence hall except in closed tin glass, or plastic containers. All food utensils and food preparation devices must be cleaned immediately after use, due to the danger of insect infestation.
8. Loss of furniture should be reported to the Resident Director or Assistant Residence Director, as furniture will be charged to the occupants until recovered. Furniture and furnishings will not be removed from rooms or suite lounges. Students with college-owned lounge furniture in their rooms without the approval of the Housing Office will be required to return the furniture to its proper place and will be assessed a fine.
9. Requests for removal of beds, mattresses, or desks from a room must be made to the Director of Housing.
10. Permission to paint rooms must be secured from the Director of Housing. Applications may be secured from Student Personnel Office.
11. Requests for repairs or light bulbs and complaints about heating, air conditioning, or cleaning services should be reported to the Residence Director or Assistant Residence Director.
12. Personal property will not be left in the rooms between school years.
13. Bicycles or motor vehicles of any type, or parts thereof, will

not be brought into the residence hall, lounges or rooms.

14. In the event of damages to a room or the furniture or furnishings therein, the College will charge the cost of the repairs to the occupants of that room until the responsibility for such damage is determined. The cost of repairs for damages to a suite hall, suite bath, or suite lounge will be charged to all occupants of that suite until responsibility for such damage is determined.

15. No items are to be stored in halls, suite lounges, bathrooms, under beds, or in any public areas except storage areas authorized by the Housing Office.

16. No refrigerators are to be kept in bathrooms.

17. Any St. Andrews student living in a dormitory may have a waterbed in his room, provided he meets two requirements. (1) Before he installs the waterbed the student must notify his dorm president, his suite leader, and the Housing Office. (2) Before he installs the waterbed, the student must sign a statement of financial responsibility for any damage that may be caused by the waterbed.

18. Shooting or possession of fireworks either in the residence hall or in the vicinity thereof will not be permitted.

19. Fire extinguishers will not be tampered with or removed from their stations except in case of fire.

20. All bed mattresses must be placed off of the floor.

Room Security:

Students are encouraged to lock their rooms when leaving their suites for any length of time. This is an attempt to lessen the possibility of theft.

Dormitory Visitation Hours

All dormitories will be closed from 3:00 a.m. till 9:00 a.m. Each individual Dorm Council or suite may choose to legislate stricter dorm hours. Extended open hours may be obtained on a day-to-day basis through the approval of the respective Dorm President or Vice-President, and the Office of Student Personnel Services. The desire for extended hours must be expressed by 5:00 p.m. of the particular night in question.

Impeachment of Suite Leaders:

To impeach a suite leader a list of grievances signed by a two-thirds ($\frac{2}{3}$) majority of the concerned suite shall be presented to the appropriate Dorm Council. The council shall investigate the grievances and vote by a two-thirds ($\frac{2}{3}$) majority for the removal of the said suite leader or waive the proposal. If the suite leader is removed the suite shall elect a new suite leader.

Long Distance Calls:

Long distance phone calls are to be made only at a pay phone. Local calls may be made from the phone by first dialing 9.

Overnight Guests:

All overnight guests must be registered with the Residence Director. All visitors staying longer than three nights must have permission in writing from the Office of Student Personnel Services. Overnight guests staying in the guest rooms are charged a fee of \$3.00 for single occupant and \$5.00 for double for each night of occupancy. Former students not in good standing with the College may not be a guest in a dormitory without the permission of the Dean of Students.

Residence Philosophy:

While Suite Leaders and Dormitory Presidents have primary authority in maintaining necessary order in dorms, it is each student's responsibility to become involved in this endeavor. Several approaches are available: a personal confrontation, a suite meeting, referral to a Residence Court via the Suite Leader, or a conference with the Residence Director or other student personnel staff members. In every instance, conversation should precede action. As in all disciplinary cases, the student's total academic and citizenship record will be weighed against specific charges.

Off-Campus Residents:

Since St. Andrews is a residential college, all students are required to live in the dormitories on campus, when available space permits, unless they are living with parents, guardians, or husbands or wives. Single undergraduate men and women fully admitted but for whom no space on campus can be assured may be permitted to reside off-campus when approved by application to the Office of Student Personnel Services. Basic college regulations apply to off-campus residents.

Persons who wish to reside off-campus must first complete an "Application for Off-Campus Housing."

Roof of Dormitories:

For the protection of lives and property, no one is permitted to use the roof of dormitories without prior approval from the Director of the Physical Plant.

"The Wall" (i.e, the front section of the wall between the ramp and the steps at the end of the causewalk nearest the College Union) is for any St. Andrews student who wishes to draw public attention to any ideas and feelings he wants to express. Students are requested to follow the Code of Responsibility in the use of The Wall and to limit their use to this one section only.

*Student's obligation to find a roommate or else must pay for a private.

COLLEGE REGULATIONS

General Guides

St. Andrews Code of Responsibility

PREAMBLE:

St. Andrews is a church-related, coeducational, residential, liberal arts college. It exists to liberate men and women socially, intellectually, and religiously. Its purpose is to develop men and women whose leadership and service are an expression of their critical, creative and disciplined minds and lives and of their humane concern. The effectiveness of such an educational process is determined by the quality of the total life of the college community.

The College recognizes that excessive conformity prevents community and forbids individuality. Similarly extreme individualism not only prevents individual growth, but denies the individual's responsibility for his brothers' good in community. Therefore, the College endeavors to hold in meaningful and balanced tension both independence and inter-dependence. To give its members an opportunity for maturation it advocates freedom; to ensure the existence of a viable community it insists upon the exercise of responsibility. It believes that its educational purposes can best be accomplished in an atmosphere of responsible freedom and commitment rather than by means of superficial conformity to a set of detailed rules and prohibitions. It believes that responsible maturity is more likely to develop when each member of the community is both free and obligated to struggle with principles of conduct and to accept full responsibility for his own actions and decisions.

To honor these commitments of St. Andrews, this Code is subscribed to and honored by the entire College community: Board of Trustees, administration, faculty* and students. It is recognized that every particular will not apply equally to each of these segments of the College. Nevertheless, the spirit of the whole does apply, and each segment should embrace the particulars in ways appropriate to its conditions and needs.

Honor System Each member of the College community is expected to subscribe to the St. Andrews Honor Code: "As a member of the Honor Community of St. Andrews, I pledge that I will not lie, cheat, or steal, nor will I tolerate this conduct in any other member of the community. I will do all within my power to uphold the high standard of integrity and honor of St. Andrews."

Academic Responsibility. Students have the right to take reasoned exception to selected data or views offered in courses and to reserve judgment about matters of opinion. They are, therefore, protected against prejudicial or capricious evaluation. Professors have a responsibility to inform students concerning course expectations and criteria for performance evaluation and to maintain office hours for conferences with students who need counsel and advice regarding their progress in the course. Students are responsible, however, for learning the content of any course in which they are enrolled; and they are responsible for maintaining standards of academic performance established for each course in which they are enrolled.

Knowledge of student views, beliefs, and political associations which professors acquire in the course of their work as instructors, advisors, and counselors is considered confidential. Members of the student body and members of the faculty should be protected from arbitrary curriculum changes (e.g. catalog changes,

changes in major requirements, without following appropriate procedures).

**The Faculty approves the Code with the proviso that any reading or interpretation of this Code is null and void which is at variance with the By-Laws of the Faculty or the Student Constitution which the Faculty approves and that this qualification be published with any official report or publication of the faculty's approval of the Code.*

Academic and Disciplinary Records. The College maintains one official copy of the student's academic record and one copy of his non-academic record. These records are confidential, and their contents are not revealed to others, with the exception of parents and guardians, without a written request from the student or a court order. Academic transcripts contain only academic data except that all withdrawals prior to graduation, voluntary or involuntary, are considered relevant and are recorded on the transcript. Upon the student's departure from the College only academic and official disciplinary records of legitimate courts are retained; all others are destroyed. The College will establish for each student a placement file in accordance with professional standards.

Freedom of Expression and Assembly.

1. Members of the academic community and college organizations should be free to examine and discuss all questions of interest to them, and to express opinions publicly and privately. They should always be free to support causes by orderly means which do not disrupt the regular and essential operation of the institution. At the same time, it should be made clear to the academic and the larger community that in their public expressions or demonstrations students or student organizations speak only for themselves.

2. Members of the academic community and all authorized college organizations should be allowed to invite and to hear any person of their own choosing, provided that the event and the speaker are properly scheduled by the Calendar Committee and that the occasion is conducted in a manner appropriate to an academic community. The institutional control of campus facilities should not be used as a device of censorship. It should be made clear to the academic and larger community that sponsorship of guest speakers does not necessarily imply approval or endorsement of the views expressed, either by the sponsoring group or the institution.

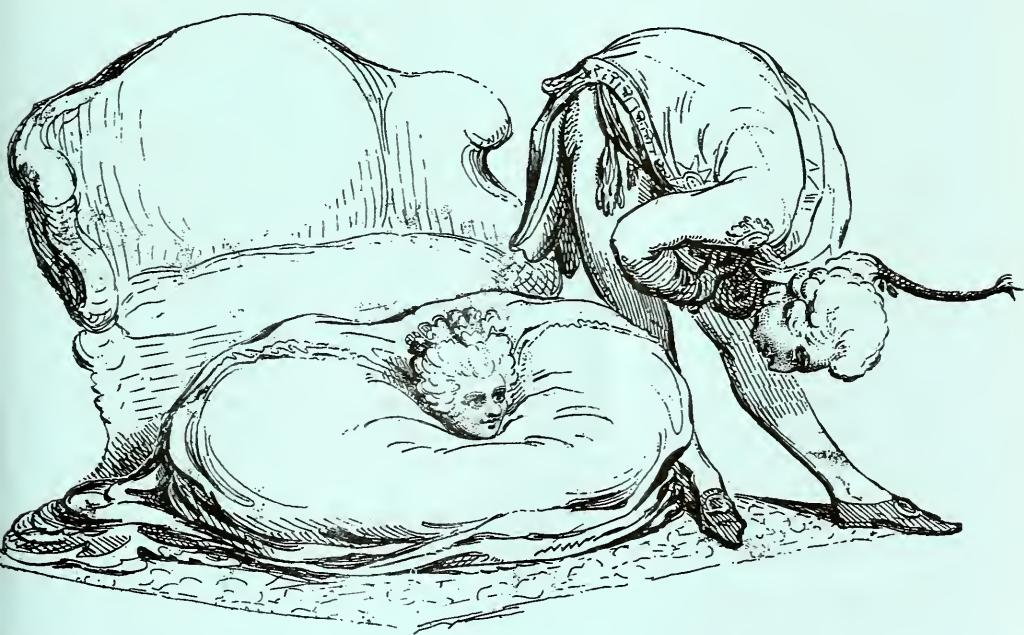

Media. The College newspaper, other publications, and campus broadcast media are recognized as valuable aids in establishing and maintaining an atmosphere of free and responsible discussion and of intellectual exploration on the campus. The quality of such output is expected to reflect the kind of intellectual production normally associated with an academic community: intellectual integrity, judicious perception of the pros and cons of any position, rational argument and careful scholarship. They shall have freedom of expression within the context of the following limitations:

a. Recognition on the part of authors, editors and commentators that freedom entails corollary responsibilities to be governed by the canons of responsible journalism, such as avoidance of libel, slander, impropriety, undocumented allegations, attacks on personal integrity, and the technique of harassment and innuendo.

b. The right of any person in the community who thinks that he or the College has been abused in any way mentioned to appeal to the proper authorities for redress; (1) if the author is a student, appeal to the Student Judiciary Board; (2) if the author is a professor, appeal to the Faculty Personnel Committee.

c. Recognition that if a person outside the College brings legal action against the College which results from statements made by a student in student media, the College may also bring charges against such a student to the Student Judiciary Board.

About Laurinburg

Laurinburg has a population of about 12,000. In 1956 Laurinburg was the first city in North Carolina to be chosen as an All-America City and was selected again in 1967. Laurinburg is in Scotland County and serves as the county seat. Although traditionally agricultural, Laurinburg is now a regional center for industrial growth yet it still maintains "a small town atmosphere." In recent years several 'blue chip' industries have located in Laurinburg.

A close relationship is maintained between the college community and the people of Laurinburg. St. Andrews student teachers are often placed in the public school system for internship and many students either live or hold jobs in town. The townspeople often enjoy the athletic competition, the concerts, and the plays on campus.

Laurinburg has churches of all major denominations. The college offers bus service to most of these each Sunday.

The town also has three theaters, several shopping areas equipped with ramps for the handicapped and four motels. The college also provides bus service to the downtown shopping areas and to the shopping centers in Laurinburg.

Laurinburg is served by air via Piedmont Airlines at Fayetteville, 40 miles north; by train via Seaboard Coast Line at Hamlet, 14 miles west; by bus via Greyhound and Trailways at Laurinburg.

Hail, St. Andrews!

Words by Donald F. and
Robert MacDonald
In stately tempo

Tune: "Maigheanan na h' Airidh"
Traditional Scots Gaelic Air
arr by MacDonald

1. Hail to thee our Al-ma Ma-ter! Bold thy Banner wav-ing o'er us'
2. Hail, all hail to thee St. An-drews May thy cour-age be un-bend-ing.

Let each loyal son and daughter proudly stand and raise the cho-rus.
Guid-ed by His migh-ty hand whose loving mer-cy knows no end-ing

From old Sco - tia's lof - ty lands to Ca - ro - ln - a's gen - tle plain - .
With thy sal - tire raised be - fore us -- cross of white and field of blue -

Now thy no - ble name, St. An - drews — Ev - er glor - ious shall re - main!
we pro - claim thy faith vic - tori - ous — and thy vis - ion ev - er true !
